

# Adaptable, customizable Modular Systems

## for diverse food and beverage processing needs

Wright Process Systems offers a wide range of modular mechanical skids for complete turn-key solutions. Each system is scalable to your process and adaptable to the particulars of your plant.

### Wright Process Systems: Your modular system solutions provider

Features of our modular systems include:

- 2- and 3-tank clean-in-place (CIP)
- Ultra, micro, nano, and reverse osmosis filtration
- Product and brine clarification
- Distillation and brewing
- Wastewater treatment process (pH, BOD, COD, TOC, FOG, TSS)
- Bulk chemical metering
- HTST and other pasteurization
- Blending and batching
- Ingredient metering
- Liquid IBC tote fill/discharge stations
- Weigh scale and volumetric stations
- Process control, MCC, and pneumatic panel skids
- Valve clusters
- Thermal processing and hot/cold water sets
